SUSTAINABLE ENERGY FOR EQUITY, SECURITY AND PROSPERITY

SEforALL GLOBAL FORUM

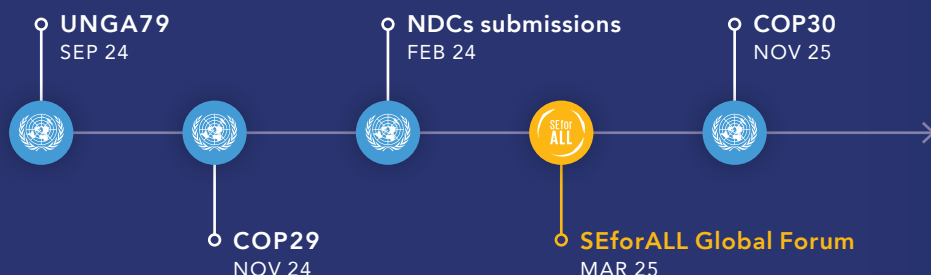

— BARBADOS 2025 —

11-14 MARCH 2025

BRIDGETOWN, BARBADOS

Set for March 2025, the **SEforALL Global Forum** is a landmark event in the sustainable energy movement, strategically timed as a key milestone moment on the road to COP30. This pivotal gathering serves as a high-level platform for leaders from government, business, finance, and communities, including youth and entrepreneurs*, to forge new partnerships, stimulate investment, and tackle the interconnected challenges of energy, climate, and development, and create the conditions.

The Forum will focus on the imperative for a **just and equitable energy transition**, aiming to achieve climate progress while simultaneously **eliminating energy poverty** and **catalysing development opportunities**. It highlights the leadership of nations like Barbados and other developing countries, showcasing their unique pathways and challenges as they transition towards net-zero emissions.

*Examples of participating organizations on page 10

AIMS OF THE FORUM

- ✓ **UNITE STAKEHOLDERS:** Convene global stakeholders to elevate energy, climate, and development dialogue.
- ✓ **FOSTER COLLABORATION:** Promote the exchange of ideas and shared solutions across diverse regions and entities.
- ✓ **ADVANCE FINANCIAL REFORM:** Expand upon Bridgetown's groundwork to hasten financial system reforms and bridge funding disparities.
- ✓ **INSPIRE INNOVATION:** Highlight and nurture pioneering projects and ventures and programs in the energy sector.
- ✓ **MOBILIZE COMMITMENTS:** Advocate for substantial and broad-based commitments to support the Global South energy transition.

Six Critical Tracks

- 01 **LEAVING NO ONE BEHIND:** Harnessing the required shifts and initiatives to ensure everyone benefits from the just and equitable transition.
- 02 **EMPOWERING THE FUTURE:** Prioritizing training and skills development to equip the energy leaders of tomorrow and ensure youth and women have a meaningful role in the transition.
- 03 **FINANCING THE TRANSITION:** Modernizing global financial systems to better support and unlock opportunities in the 21st century transitions.
- 04 **REIGNITING COOPERATION:** Fostering collaboration that equally benefits all regions and their transitions toward a more secure energy future
- 05 **DRIVING AMBITION:** Accelerating global advocacy and commitments on the road to net-zero and 2030
- 06 **LEVERAGING INNOVATION:** Mobilizing the right technologies and capacity to scale solutions that enable economic development and energy transitions

The 2022 Global Forum in Numbers

17-19TH MAY 2022

 KIGALI, RWANDA

1,300+

Delegates in person

3,000+

Participants online

116

Countries represented

USD347 MILLION

In new financial commitments for energy access and energy transitions

300+

Youth attending the Forum in person

2

Ministerial roundtables* focused on Africa and Asia

81.9 MILLION

Reach on social media

500

Media articles referencing the Forum

*African ministers came together to produce a common platform on what a just and equitable transition looks like across economies at different stages of development, with the aim to shape the global debate and support a negotiating position in different venues, including at COP27. Asia-Pacific ministers participated in their own roundtable with private sector investors to showcase opportunities for crowding-in more investment for the clean energy transition.

A Forum for Action

During two full days of programming*, the Forum will be structured to foster new partnerships, spur investment, provide solutions, and drive action.

THE CORE

The Forum's central stage sets the scene for a confluence of visionary leaders – from statesmen and emerging youth advocates to industry trailblazers and philanthropic pioneers – to exchange ideas, spark meaningful dialogue, and forge a collective vision for a sustainable future.

GREEN EXPEDITIONS

Field visits showcasing Barbados' sustainable energy initiatives, providing a live view of sustainability in action and sparking collaborative opportunities.

SDG7 INNOVATION ZONE

A dynamic display of cutting-edge solutions and transformative technologies that are shaping a sustainable energy future and ensuring the achievement of universal energy access.

SDG7 STUDIO

An exclusive arena for media professionals to engage, interview, and capture the heartbeat of the forum's on-site activities and breakthrough announcements.

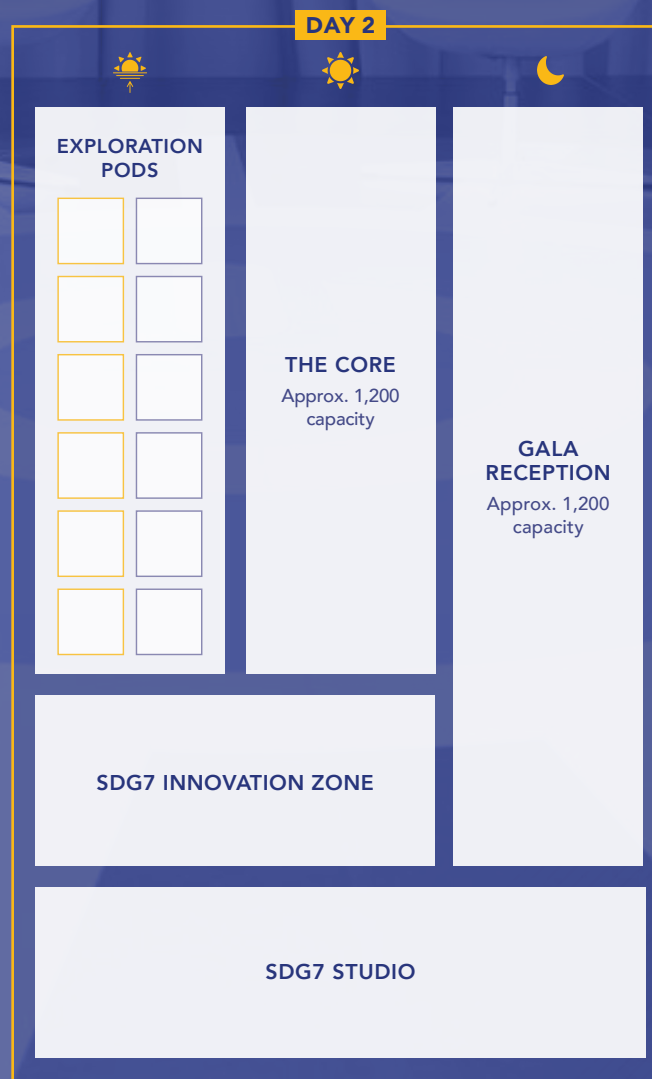

THE EXPLORATION PODS

A series of "think tanks" where participants, partners and SEforALL will delve into targeted discussions, collectively navigate through pressing challenges, foster breakthrough insights, and devise innovative solutions for a sustainable energy future.

* Day 0 is dedicated to pre-Forum meetings and day 3 is dedicated exclusively to complimentary field excursions, showcasing green projects across Barbados.

Programme Structure*

 MORNING
  AFTERNOON
  EVENING

* To showcase the projects at the forefront of Barbados's energy transition, we are including structured project site visits on 14th March for interested participants.

Draft Agenda

	DAY 1 WED 12 TH MARCH 2025	DAY 2 THURS 13 TH MARCH 2025

19:00		19:00 Onwards Gala Reception

The Offering

The Forum offers several benefits to its partners, but above all, it is an opportunity to contribute towards ending energy poverty and fighting climate change – building a healthier, more equitable world for all.

GLOBAL VISIBILITY

Enhance visibility and influence across international borders and markets.

CUTTING-EDGE INSIGHTS

Enrich your perspectives with the latest insights, discussions, and innovations in sustainable energy.

IMPACT AND ACTION

Directly contribute to just, equitable and sustainable energy transitions.

NEW PARTNERSHIPS

Develop new relationships and partnerships with key players in the sustainable energy ecosystem.

STRENGTHEN MARKET TRUST AND INTEGRITY

Reinforce your market trust and integrity by demonstrating a genuine commitment to addressing pivotal energy and climate challenges.

Confirmed Speakers

DAMILOLA OGUNBIYI

CEO and Special Representative of the UN Secretary-General for Sustainable Energy for All, Co-Chair of UN-Energy

H.E. MIA MOTTLEY

Prime Minister, Republic of Barbados

Past Speakers

H.E. ANTÓNIO GUTERRES

Secretary General, United Nations

BAN KI-MOON

8th Secretary-General of the United Nations, President and Chair of Council of the Global Green Growth Institute GGGI

H.E. MARY ROBINSON

President of the Africa-Europe Foundation, and former President of Ireland

MICHAEL BLOOMBERG

UN Special Envoy for Climate Ambition and Solutions, and Founder, Bloomberg LP & Bloomberg Philanthropies

LAURENCE TUBIANA

CEO of the European Climate Foundation

PATRICIA ESPINOSA

Executive Secretary, United Nations Framework Convention and Climate Change

H.E. SAMIRA BAWUMIA

Second Lady of Ghana, CEO of Samira Empowerment and Humanitarian Projects (SEHP)

H.E. PAUL KAGAME

President, Republic of Rwanda

Interested in becoming a catalyst for sustainable and equitable energy transitions?

Elevate your brand and maximize your impact by sponsoring the SEforALL Global Forum! For more information about sponsorship benefits, please see pages 12-14.

SPONSORSHIP TIER

Premium Partners

USD 250,000

- **Exclusive Forum Access:** Receive ten exclusive Forum badges, opening doors to unique opportunities and valuable insights.
- **Host a Thematic Session/Exploration Pod:** Secure the opportunity to host an Exploration Pod (up to 2x 1.5h sessions) with key stakeholders (conditional capacity between 80-150 people) to delve into specific challenges. These breakout sessions will be co-designed between SEforALL and your organisation to ensure optimal outcomes.
- **CEO/C-level Engagement/Spotlight:** The organization's CEO/C-level representative is granted a speaking opportunity in the main plenary, reaching a global audience of leaders and experts.
- **Prime SDG7 Innovation Zone Booth Placement:** Enjoy a premier location for your booth, showcasing your leadership in the sustainable energy space and ensuring maximum visibility and engagement.
- **Enhanced Outreach, Social Media and Branding Opportunities:** Achieve wider reach with co-branded email announcements and social media posts, amplifying the brand's message and having your logo prominently displayed, enhancing brand recognition.
- **Prominent Partnership Acknowledgment:** Receive special acknowledgement during the opening plenary, highlighting the commitment to sustainable energy and gaining added credibility with a social media post mentioning the organization, made by the SEforALL CEO.
- **Media Exposure:** Contribute insights with a sponsored article or interview on SEforALL's platforms, positioning your organization as a thought leader.
- **Co-Host a Gala Dinner*:** Secure the opportunity to co-host a Gala dinner during the Forum, exclusively or in partnership with other potential partners.
- **Host a Dedicated Roundtable*:** Host a roundtable with leaders from the private sector, government, finance and philanthropy to discuss specific topics.
- **Co-Host a Session at the Youth Hub*:** Secure the opportunity of co-hosting a session at the Youth Hub.
- **Private Meeting Room Space:** Access space for bilaterals and meetings with key stakeholders.
- **Comprehensive Basic Benefits:** Access an array of primary benefits as detailed on page 14, ensuring a well-rounded sponsorship experience.

SPONSORSHIP TIER

Benefits for all tiers

PRE-EVENT MARKETING

- Your organization and logo will be featured on the official event website: www.seforall.org/forum
- 1 social media post announcing the partnership
- Your logo as event partner in all Forum promotional email campaign announcements
- Your logo on the event programme
- Your logo on the partners acknowledgment wall

LIVE MARKETING

- Listed as “In partnership with” on electronic Forum materials
- 1 social media post (can include a short interview) on one of SEforALL’s social media platforms
- Opportunity to provide text content for one push notification via the SEforALL Global Forum App during the event to all participants

POST-EVENT MARKETING

- Inclusion of your Forum videos, CEO speeches, and session presentations in the SEforALL Global Forum digital library
- Your logo as event partner in the wrap-up video (shown in all post-event communications)
- Your logo as event partner in the wrap up report
- Your logo as event partner in post-event communications

Barbados is committed to a sustainable energy transition within our borders and beyond. That is why we are proud to partner with Sustainable Energy for All on this Global Forum, which will be a pivotal moment in the fight for climate justice and ensuring developing countries are supported with their energy transition efforts.

HONOURABLE LISA CUMMINS

Senator and Minister of Energy and Business,
Government of Barbados

Why Barbados for the Global Forum?

A Strategic Choice for Universal Net-Zero Goals

SHOWCASING COMMITMENT & RESILIENCE

Barbados leads by example, aiming for net-zero by 2030/2035 despite significant climate risks. Hosting the Global Forum here is a testament to the country's proactive stance and offers a living blueprint for global net-zero pathways.

MODEL OF GLOBAL SOLIDARITY

By spotlighting Barbados, the Forum acknowledges the leadership of vulnerable nations, like Small Island Developing States (SIDS), and urges the global community towards cooperative investment in sustainable transitions.

THE BRIDGETOWN INITIATIVE

Originating from Barbados and championed by Prime Minister Mia Mottley, this initiative exemplifies the ethos of the Forum - it's about building a global movement that aligns the financial landscape with the sustainable development goals, ensuring every economy has the support it needs to thrive sustainably.

Under Prime Minister Mottley's leadership, Barbados has become a trailblazer for a just and equitable energy transition. I cannot think of a more fitting place to hold the 2025 SEforALL Global Forum, which will generate bold ideas, commitments and collaborations aimed at ending energy poverty and climate change.

ORGANIZER & CO-HOST

SUSTAINABLE ENERGY FOR ALL

Sustainable Energy for All (SEforALL) is an international organization that works in partnership with the United Nations and leaders in government, the private sector, financial institutions, civil society and philanthropies to drive faster action towards the achievement of Sustainable Development Goal 7 (SDG7) – access to affordable, reliable, sustainable and modern energy for all by 2030 – in line with the Paris Agreement on climate.

CO-HOST

GOVERNMENT OF BARBADOS

SEforALL is proud to partner with the Government of Barbados to co-host the SEforALL Global Forum. The Government of Barbados has set ambitious goals to achieve the 100% renewable energy and carbon neutral island- state transformational goals by 2030.
